Description

The brand new 25.5m CANTIERI DI PISA 80 FAST motor yacht for sale, is currently under construction and only six months away from delivery. This performance yacht features exterior design by former Bugatti car designer Etienne Salomé, her exterior styling is sporty, boasting unique proportions and modern, rounded lines that capture attention on the water. The interior spaces, designed in collaboration with Redaelli Associati, are designed with a model and refined touch, offering a light and bright ambiance that can still be customized to suit individual preferences.

Her carbon hull and superstructure are joined and technical installations are progressing in the build process, while there is still the possibility to personalize her for the interior layout, woodwork essences, and fabrics.

The CANTIERI DI PISA 80 FAST is a light fast planning yacht known as the "*avant-garde carbon bullet*", her lightweight is only 48 tons and she is designed to develop sensational performances with an exhilarating top speed of 60 knots, while comfortably cruising at 50 knots, thanks to her powerful triple 2000 Hp MAN V12 diesel engines mounted on waterjets.

Besides her speed, other notable features are mainly her 1.3m draft which makes the yacht ideal for cruising in shallow waters, and the fact that she can be registered under 24 metres.

Embark on the ultimate luxury experience with the CANTIERI DI PISA 80 FAST, a super-fast luxury yacht meticulously crafted for those who appreciate challenging speed and opulence. This stunning yacht adheres to CE rules and is Class A surveyed by RINA, ensuring the highest standards of safety and performance.

Step into the main saloon and dining area on the main deck, where 360-degree visibility immerses you in the surroundings. The lower deck saloon exudes modernity, showcasing natural essences and a warm contemporary style. The galley is fully equipped with top-notch appliances, and situated in the lower saloon for convenience.

Accommodations on the CANTIERI DI PISA 80 FAST cater to varying preferences, with versatile layouts accommodating four, six or eight guests in two, three or four en-suite cabins, depending on the chosen configuration. The Owner's cabin, with the option of a midship full-beam or a forward layout, provides generous space in this category. Guests can enjoy the luxury of two large guest cabins or three guest cabins, depending on the selected layout. In addition, two crew members are comfortably accommodated forward with en-suite facilities.

The exterior decks are thoughtfully designed to enhance the overall yachting experience. The aft deck features a large sunpad, a cockpit with a dining table, and a tent with poles for a shaded area - a perfect setting for entertaining. The yacht also offers easy access to the sea, ensuring seamless enjoyment of the water. The CANTIERI DI PISA 80 FAST provides a swimming platform with the option for a garage, adding to the yacht's versatility and functionality.
