Description

The upgraded DREAMLINE 36 is a genuinely innovative yacht both in terms of its styling and a slew of technical solutions. Generous interiors, indulging the dreams of yacht Owners, with convenient functionality, providing the DREAMLINE 36 Superyacht, with the maximum level of comfort. Finishings in silk, velvet, luxury Armani casa furniture, exclusive marbles and sophisticated art pieces provide for a warm and cosy feeling, just like feeling home.

Timeless and stylish interior and exterior design applied to spacious areas is introduced by renowned naval architect Enrico Gobbi at Team4Design. He perfectly combined original shapes with convenient functionality, providing the DREAMLINE 36 Superyacht, with the maximum level of comfort.

Dreamline Yachts features special "lama chine waveless hull" designed by Giuseppe Arrabito at Arrabito Naval Architects. Its ground-breaking shape tremendously reduces fuel consumption, while the noise and vibration level is barely perceived of both the engines and generators while cruising on a DREAMLINE 36.

Distinctive feature of the DREAMLINE 36 is an impressive Owner's cabin on the main deck, offering a magnificent 180° panoramic sea view. A door to the starboard allows access to the foredeck from the Owner's cabin. Further 4 cabins on the lower deck provide total accommodation of 10 to 12 guests in 5 en-suite staterooms. 5 Crew in 3 cabins with integrated facilities and separate access for maximum privacy complete the layout.

DREAMLINE YACHTS represent rigorous care over technical details, top international class materials and technological solutions to reduce operating costs, all guarantee greater reliability, higher performance and unprecedented standards of comfort.

Please click on the « Other Details » tab for complete details of this Flybridge Superyacht.

Note: This is a brand new Yacht, under full Manufacturer's warranty.

Delivery: 18 Months from Order.
