## Description

This 'almost-new' CUSTOM LINE NAVETTA 42 Superyacht for sale, was built by Custom Line (Ferretti Group) to RINA classification and MCA compliant, and delivered at the end of 2023. She has been maintained to immaculate condition since. Designed by the famous Zuccon International Project, this CUSTOM LINE NAVETTA 42 Tri-deck motor yacht is a unique example of generous volumes and functional layout.

Starting from the sundeck (over 90 sqm of surface), where passengers can find a fully equipped bar furniture, a raised jacuzzi flanked by sunpads, sunloungers and comfortable seating areas.

The upper deck, has two large sofas with two side storage furniture in the aft section and a large dining table up to 14 people. At bow of the upper deck, a beautiful sitting area, with large sun pad, completed with biminis and below the sun pad a garage area complete with crane of 500kg capacity. On the main deck, lounging seating beckons aft, leading to steps descending to the swim platform and beach club, complete with bar furniture and storage area.

Internally, both the main saloon and sky lounge feature sliding glass doors aft and on either side. In the main saloon, these doors extend from the dining area, opening onto folding balconies, enhancing views and expanding the outdoor space. Aft of the formal dining area, two opposing banks of sofa seating and a fold-down TV offer additional comfort. Within the sky lounge, lounge seating extends from the open-air dining area through the sliding glass doors. Additional sliding glass doors forward provide seamless access to the foredeck lounge.

This CUSTOM LINE NAVETTA 42 provides comfortable accommodation for up to 10 guests across 5 en-suite staterooms, in luxury and contemporary Italian style. The Master suite, located forward on the main deck, boasts full-beam proportions. His-and-hers en suites share a central shower room, accompanied by two walk-in wardrobe areas and an owner's office.

Below deck, 4 double cabins complete the accommodation. Additionally, there are 4 crew cabins capable of housing up to 8 crew members, including the Captain's quarters situated on the upper deck adjacent to the wheelhouse.

Powered by twin 1623 Hp Caterpillar diesel engines, the yacht achieves a top speed of 16 knots, a cruising speed of 13 knots, and an impressive range of 3000 nautical miles at her economical speed of 10 knots.

A Williams 625 DieselJet tender shows behind a shell door forward of the beach club and there is a rescue tender with launch crane beneath the foredeck sunpad. An Atlas shore power converter is suitable for US electrical facilities.

Early viewings and offers are encouraged to avoid the shipyard's long delivery delays !

Stern Thruster: NAIAD Dynamics model 20 (VT60)

Stabilizers: NAIAD Dynamics zero speed fin stabilizers (at anchor and underway) model 525

Steering: Electronic steering system twin disc model S1033260

Rudders: 2 x 0.95 m<sup>2</sup> in AISI 316, rudder holes in brass

IDROSTOP system for shaft lines seals

Technical compartments and storages naturally ventilated to ensure adequate ventilation of each space to avoid overheating and condensation

Blowers installed on soft mountings in order to provide noise reduction

Oil Change: Centralized system for engines, gearboxes and generators

Water Makers: 2 x IDROMAR duplex (2 x 250 l/h each)

Fuel Separators: ALFA LAVAL MMB 304S-11

Fuel Filters: RACOR Sepa filters

Bilge & Fire Pumps: GIANNESCHI model ACB 532/A

Black & Grey Water Pumps: GIANNESCHI model MV44G

Water Heaters: 2 x GIANNESCHI boilers model 200 OR2, 200 l capacity

Sewage Treatment: HAMANN treatment plant

Emergency Fire & Bilge Pump: HATZ Diesel model IB20-6

UV sterilizer for drinkable water

Water softener with active carbon filter

#### Air Conditioning System:

- Tropical air conditioning system with UTA
- Main chiller unit consisting of 2 x PCWM 36002
- Every chiller has 2 x compressors and a rated cooling capacity of 144,000 BTU/h with heat pump, for a total capacity of 288,000 BTU/h

## **ELECTRICAL EQUIPMENT**

Main Power Supply System: 400V AC, 50 Hz, 3-phase 125 A + neutral at earth and isolation transformer

Earth system is integrated with the cathodic protection system which is realised as a copper ring, placed along the hull, connected by several cross and headed to copper plates and zincs

Lighting System: 230V AC, 50 Hz, 1-phase + transformers 24V AC

Proper LED lighting provided for inside accommodation and outside areas

Shore Power Unit Output: 130 A / 90 kW

Shore Power Unit Input: 180-530V AC / 40-70 Hz

Generators: 2 x 80 kW ZENORO

#### Generator Hours:

- Starboard: 205 h
- Port: 200 h

Generators Spec: GM91443-GA12

Automatic parallel system between gensets is fitted

Battery Chargers: 4 x MASTERVOLT

#### Batteries:

- Emergency, systems, lighting, navigation, pumps, radio system and services with dedicated battery packs 24V DC

- Dedicated battery packs for main engines & dedicated battery pack for gensets

Frequency Converter: ATLAS shore power converter suitable for north-America

Principal Electric Control Panels:

- Engine control room
- Pilothouse
- Main deck
- Lower deck
- Crew area
- Secondary and local electrical panels are placed in different areas

**NAVIGATION, COMMUNICATION & MONITORING EQUIPMENT**

CAT electronic engine controls

CAT electronic engine displays

NAIAD Dynamics thruster controls

(Repeaters on wing stations, including thruster controls)

Full integrated bridge with touch screen monitors

2 x FURUNO depth sounders

2 x FURUNO Far 6' radars

Radar detector

FURUNO log-speedometer

FURUNO wind & speed direction instrumentation

4 x HATTELAND on-board multi function screens

FURUNO ECDIS navigation bridge

TRANSAS ECDIS Trackball controller

FURUNO ECDIS Timezero plotter

3 x FURUNO GPS units

FURUNO AIS Class A

FURUNO Blackbox ECDIS system (paperless)

SIMRAD autopilot

NORTHROP GRUNMAN magnetic compass

Inmarsat Mini C

2 x SAILOR VHF with DSC and GMDSS

Predisposition for V-SAT Antenna Mini Internet KVH-V7

CCTV security system with motion detection and recording

Side wings monitors for aft CCTV for mooring

FLIR thermal night vision

15" Repetition monitor in Captain's cabin

**AUDIO / VISUAL ENTERTAINMENT & CONNECTIVITY SYSTEMS**

2 x KVH HD11 satellite antennas

Control of entertainment, A/C, lights and curtains via iPad on all decks
